

## September Enrichment Newsletter 3&4

Our theme this month is: "I am Special".

We have lots of exciting activities planned. Our stories include: Just Like Me by Christine Hood we will each read our book together, and Families Are Different by Nancy Pelligrini. We will explore favorite colors and how tall we are, comparing likeness and differences, graphing the information. Outdoors we'll discover the playground finding new activities that we can engage in. Learning new games from the CATCH program using our parachute will be fun. We will author our own book entitled I Am Special! Our cooperative project is a hedgehog made from dried leaves. An excellent time to go on a leaf peeping hike! September is an exciting month filled with games that help us learn about each other, songs about the changing seasons and active learning outdoors, and cooperative projects.

Snack Calendar is posted next to Enrichment Classroom. We encourage parent participation in the classroom please let us know if there is a project you would like to help with. We are a tree nut free school. We will have special snacks throughout the year for parties and activities. Please contact us with any questions you might have.
