

M, W, F Preschool 3's May Newsletter

Our Preschoolers were busy little bees in April! We learned all about Spring, Easter, Weather, and Farm Animals. We embraced the wonder and fun of this age while celebrating *The Week of The Young Child!* We got messy with tie dye, art, and water fun. We wrapped up our year long letter lessons by dressing up like letters of the alphabet.

May Themes:

The children have been working hard on some surprises for their Mom's, or special ladies in their lives! They are SO excited to celebrate with you! Exploring insects and the lifecycle of a butterfly will be a big part of our studies this month. We will dive deep into the life of ocean animals. Our last week of school we will get ready for beach and summer fun!

Important Dates:

5/4 Mother's Day Tea : 10:45 am

This is open to one special guest; Mom, Grandmom, Aunt, Nanny, or Friend

5/18 Field Trip to Storybook Land

5/30 Memorial Day / No School

6/1 All School Picnic (children have a normal day of school, families arrive at 11:00 for our picnic)

We would love to have the children wear their tie dye shirts that we made on our field trip to Storybook Land on 5/18. What a fun way to spot our friends in the park!

As always, thank you for your continued support through the year!

Mrs. Muhlschlegel and Ms. Howell
