

Dear Parents;

Happy New Year to our Class of 2023!!

Thank you for all of your donations to our first ever Gingerbread House decorating Party! We hope you and your children enjoyed the celebrations as much as we did!

December was a very busy month full of activities and celebrations. Now, we prepare for the long months of winter! We will get back to the business of routines, learning and having fun.

This month we will have our Parent/Teacher Conferences. These are relatively informal conferences used to discuss how we feel your child is progressing socially, emotionally and academically. In other words, The Whole Child. Conferences will be scheduled for 15 minutes for each child over the course of the two school days. (12:30-2:45). At this time, the Sign up Genius has been emailed or texted. If you would prefer a phone conference during your scheduled time, I am happy to do that as well.
