Our Mission

The Mustard Seed Cooperative Garden, hosted by First Presbyterian Church Moorestown, provides fresh foods to promote the well-being of everyone in our community. We look to join hands with our Moorestown Ministerium churches and other members of our community to nourish and nurture our neighbors by raising and sharing fresh produce. Children, youth, young adults and their families are encouraged to come to help tend the gardens and enjoy this beautiful place. In addition to fresh produce, we cook and provide ideas for delicious meals using what comes from the garden.

Our Vision

We offer a beautiful garden to gather people from our church family and community to grow, prepare and enjoy fresh foods with everyone and anyone in our community, ensuring that all have access to nutritious produce.

Our Why

We desire to be fruitful followers of Jesus: "Yes, I am the vine; you are the branches. Those who remain in me, and I in them, will produce much fruit. For apart from me you can do nothing." (John 15: 5)
