

PREK WALKER

May Newsletter

Dear Parents:

As we are approaching the last month of our school year, Donna Clark and I think about how fortunate we have been to have had these children in our class! This year has gone by so quickly, the children have progressed academically, made wonderful friendships and had fun!

May 7 - Our Moms!

May 14 - Week Of The Young Child

May 21 - What Is Under The Ocean?

May 28 - Summer Fun and Graduation

Thank you to all the Parents who came to be spectators for our PreK Run. The children were very excited to have everyone come and cheer for them! This activity taught the children sportsmanship and personal achievement. It was very rewarding to see the confidence each week in the children as they accomplished going around the track running/walking!

May 10 at 10:45 is our Mother's Day Ice Cream Party to celebrate our wonderful Moms! The children are very busy getting ready for this special event.

May 16th is Chapel. We will be visiting with Mr. Joel Krott, The Director of Music Ministry, in the sanctuary of the church. He will teach us all about the Organ!

We are celebrating the Week Of The Young Child during the week of May 14th. On Thursday, May 16 we will have Messy Day. Please have your child wear old clothing and shoes that can get messy! It will also be Color Day. Our class will vote on a color and will wear something of that color on May 16th. I will send out the color by May 8th.

We will have Alphabet Day on Wednesday, May 22. I will send home the alphabet letter that has been assigned to your child. On Alphabet Day, they can wear something that represents that letter. Examples are: for the Letter R you can have them wear something that has a rainbow on it or for the letter S they could put a sun on their shirt. Be as creative or simple as you would like!

May 15th is our Field Trip to Storybook Land!

Our Graduation will be held on May 31st, followed by an outdoor picnic. For the picnic that will follow after the ceremony, please be sure to bring a lunch, drink and chairs or blankets to sit on. Amy Delgado will be sending out additional specific information.

Thank you for giving us the opportunity to teach your child this year!
