September was busy and lots of fun! We explored our classroom and playground and made new friends. Our friends learned about circle time, choice time and table activities. We learned new songs, prayers and got to know our teachers and friends. As a group we are finding our rhythm and learning the rules of the classroom. October is always fun in Preschool! The children will then come back to our classroom for a fun party and will be picked up at normal dismissal time.

Thank you to those that have already brought in snack. Please remember to check your snack schedule to know when it is your week. Also, **check our Homeroom App often**, it is a little sneak peek into our days with photos and classroom information.
